Next Academic Year Action Plan

The Institution has several plans of action to enrich the students and teachers strength in all respects.

At the very earliest our institution planned to celebrate a big fest like DVS Vaibhava which opens the platform for cultural activities, sports activities and all sorts of activities which makes the complete involvement of the students and teachers in association with DVS Management committee.

In the similar way successively departments are making arrangements for conducting invited talks, seminars, workshops, conferences, in order to engage students and teachers for the academic growth and also to involve technological developments in the field of science and technology. Also a constant support and encouragement have been given to the fast learners regarding research activities, some of the teachers who are good at research in their respective fields are planning to involve students in research activities and presenting papers, In order to make students to develop innovative thinking and innovative ideas. The institutions planning to start necessary training sessions to students in order to clear competitive exams. The institutions planning to start add on courses, certificate courses, training programs, by inviting experts from respective fields.
